Contact Information:

Long EZ w/ O-320 - \$8,900 (Federal Way)

image 8 of 10

Long EZ. Completed up to the strakes. Comes with disassembled Lycoming O-320 engine (all logs)

Owner/builder 1 did everything but the strake leading edges. Owner/builder 2 did the strake leading edges. I'm the third owner, but haven't done anything with it yet—it's been in storage for the last 2 years. I'm selling because I don't have garage space or adequate hangar space to work on it.

Located in Federal Way, Washington.

Please respond via email with questions.
